Maids Moreton interpretation board, Scott's Lane Feedback received by Maids Moreton Conservation Group about interpretation board displays, 2019–20

“Each day I was working in Scott's Lane, at least three people stopped to say how lovely the board was.”

“My children always rush ahead to see what's in the board, then they try to find it.”

“The pictures are helping me to learn the names of some wild flowers. I've always meant to get to know more.”

“I loved the weasels in the picture. You forget about these little mammals. Did you know about the dormouse project? We've been examining the hazel nuts.”

“So that's what it is called. We have seen a couple of orange tip butterflies in our garden.”
